

Tool & Product Update

PINTAIL COLLECTION BAGS

Pintail bags have been designed and are now available for the tools listed in the table below. Previously, pintail bag 111247 used on the 200 Tool was also used on tools it was not intended for. In many cases the bag was substituted for the pintail deflector, a function it is incapable of performing. This also poses a safety problem. The new bags offer the following advantages.

- 1) Tailor made to fit the tools listed in the table below.
- 2) Made from a tough, lightweight material.
- 3) Fits over pintail deflector.
- 4) Velcro straps hold the bag securely in place and allow easy removal.

PINTAIL BAG	
125655	245, 246, 2502, 2503, 2580, 2581, 2582 and 2583
125652	202, 212, 244, 2012, 2013, 2015, 2022, 2025 and 2480
111247	200

Note: 123773 - Pintail collection bottle for 2015 and 202

WARNING: Pintail bags are not a substitute for pintail deflectors. Pintail deflectors must be used at all times to avoid injury to the operator and/or neighboring operators.
