NEW OFFSET ROTATABLE NOSE ASSEMBLY ADAPTER FOR **202 / 244 / 2012 / 2025**

Note:

This Bulletin supersedes Product Bulletin Number PB581, which announced the Adapter may be used with a Stroke Limiter. No Stroke Limiter is necessary.

The new 128279 Offset Rotatable Adapter is now available for the 202, 244, 2012, and 2025 series tools when used with 99-3700 style nose assemblies.

This Adapter has a built-in Stroke Limiter, and beginning August 1, 2009 this Adapter will replace the 122145-3 Adapter which has no ability to rotate.

128279 Rotatable Adapter
